

General Investment and System Risk Disclosure

This material has been prepared for informational purposes only and is NOT intended to provide nor should it be relied on for tax, legal, or accounting advice. Please consult your own tax, legal, and accounting advisors before engaging in any securities transactions as each individual investment(s) may result in diverse/adverse tax implications that will affect the outcome of any investment strategy. No information presented herein should be considered an offer to buy or sell a particular type of security. This is not an offer or solicitation in any jurisdiction where we are not advertised to do business. Other fees, such as regulatory, service, or other fees, may apply. Please visit our [**Pricing Page**](#) for further information.

Investments involve risk, past performance does not represent future results. Diversification may help spread risk but does not protect in a down market. You may lose all of your investment. Investors should evaluate their financial situation, investment objectives, and goals before investing. Substantial risks are involved with electronic trading. Day trading involves significant risk and is not suitable for all investors. Please see our [**Day Trading Risk Disclosure Statement**](#) for more detailed information. Trading on margin is not appropriate for every investor. Please see our [**Margin Disclosure Statement**](#) for information on risks.

System response may vary due to multiple factors including but not limited to trading volumes, market conditions, system performance, and other factors. Access to electronic services may be limited or unavailable during periods of peak demand, market volatility, systems upgrades, maintenance, or for other reasons.
